EXPERIENCE

Data Analyst Jul 2025 – Running
US Bangla Group *Dhaka, Bangladesh*

- Analyzed high-volume e-commerce datasets exceeding 10M+ daily transactional records to identify customer behavior patterns and operational trends.
- Developed operational dashboards tracking daily KPIs across sales and customer activity, reducing manual reporting time for business teams.
- Collaborated with cross-functional teams to clean, validate, and interpret data, improving reporting accuracy and operational efficiency.

Associate Jan 2025 – Jul 2025
Inspira Advisory and Consulting Limited *Dhaka, Bangladesh*

- Performed market assessments, research analysis, and business evaluations to deliver strategic insights for consulting projects across diverse sectors.

- Interpreted quantitative and qualitative data to evaluate program effectiveness, identify operational trends, and support evidence-based recommendations.
- Prepared client-facing reports, presentations, and proposals while coordinating with stakeholders to support business strategy and policy advisory initiatives.

R & D Intern
ARCED Foundation

April 2024 – July 2024
Dhaka, Bangladesh

- Conducted data quality audits and validation checks for the “Use of Lead Acid Battery 2024” research project funded by Georgetown and Stanford Universities.
- Performed quality assurance and data verification for mystery shopping exercises, ensuring research accuracy and consistency across collected datasets.
- Supported research operations through data transcription, SurveyCTO form management, and analytical reporting based on audited findings.
